

Cal OES Daily Situation Report

June 4, 2022

Thank you to our local partners for answering the call to help our neighbors in New Mexico fight historic wildfires. All mutual aid strike teams are back home in California.

SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

May 2022 CDPH MHCC Event Activation

The California Department of Public Health (CDPH) has activated the Medical and Health Coordination Center (MHCC) at Level 3 (low) in response to the 2022 May National Infant Formula Shortage Event and the 2022 May Monkeypox Virus Event.

- Hours of Operation: Monday to Friday from 0800 hours to 1700 hours

Cal OES INLAND REGION

- Nothing significant to report.

Cal OES COASTAL REGION

- Nothing significant to report.

Cal OES SOUTHERN REGION

- Nothing significant to report.

COVID-19 SUMMARY

Coronavirus Disease 2019 (COVID-19)

On 03/02/20 at 0700 hours, the Cal OES State Operations Center (SOC) activated in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

SMARTER Plan

On 02/17/22, Governor Newsom unveiled the "[California SMARTER Plan: The Next Phase of California's COVID-19 Response](#)". The plan emphasizes continued readiness, awareness and flexibility and helps ensure California can maintain its focus on communities that continue to be disproportionately impacted and stay prepared to swiftly and effectively respond to emerging COVID-19 variants and changing conditions.

CDPH Statewide Travel Advisory

- For more information: [CDC Travel Guidelines](#)

Confirmed California COVID-19 Cases - Per California Department of Public Health Tracking COVID-19 as of 06/01/22 at 1630 hours:

- 8,955,662 total confirmed cases.
 - 102,164 Delta
- 90,719 total deaths.
 - 231 Delta
- Please see the most recent "Situation Report - COVID-19" attachment for additional details.

Risk Levels	Little to None		Minor	Moderate	Major		Extreme

Weather Key Points

Regional Operations Center

Western Region

Saturday, June 4

- Several rounds of showers and a few thunderstorms will work across much of northern California through Sunday night, particularly for areas near and north of Interstate 80
 - Rainfall amounts of 1 to 2 inches are expected across the higher elevations, with much lighter amounts for the valleys and lower elevations
 - No widespread significant runoff concerns are expected with this precipitation
- After a cooler weekend for much of the state, temperatures will see a steady warming trend through all of next week, lingering into next weekend as well
 - Readings will likely exceed 100 degrees across mainly inland areas, including the entire Central Valley, and may approach 105 degrees by next weekend
 - Moderate to locally high heat risk impacts will develop from midweek through next weekend for inland areas
- Winds will remain locally gusty many afternoons for mountain and foothill locations across the state, bringing periods of elevated fire weather conditions, particularly to the southern half of the state

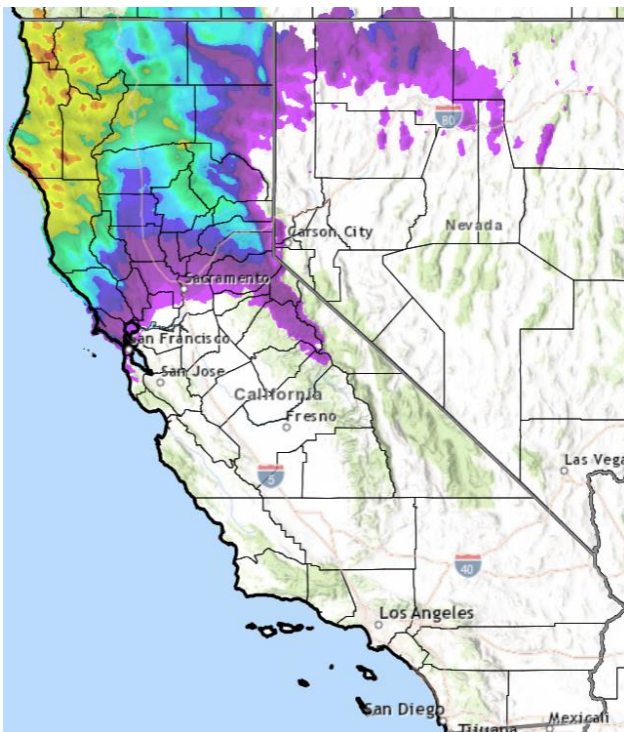

Precipitation Forecast

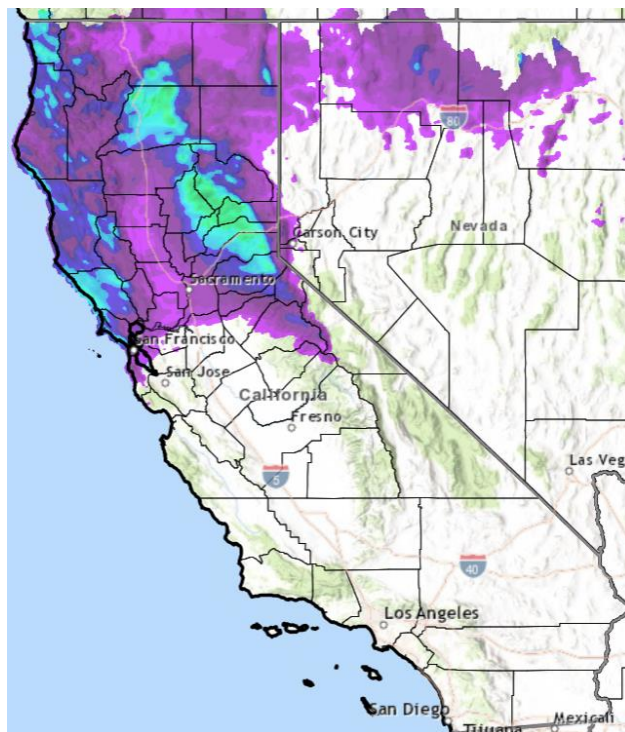

Regional Operations Center

Western Region

Saturday, June 4

Saturday

Sunday

Monday

Note: Forecast precipitation amounts are an average for any particular location. Thunderstorms may produce locally higher rainfall amounts.

Precipitation (inches)

Heat Risk

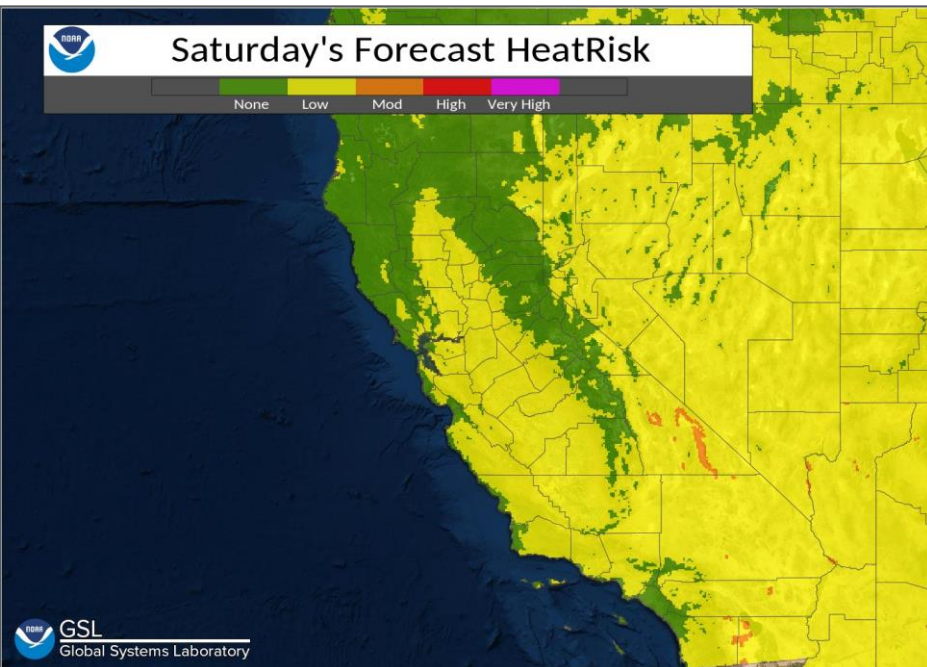

Regional Operations Center

Western Region

Saturday, June 4

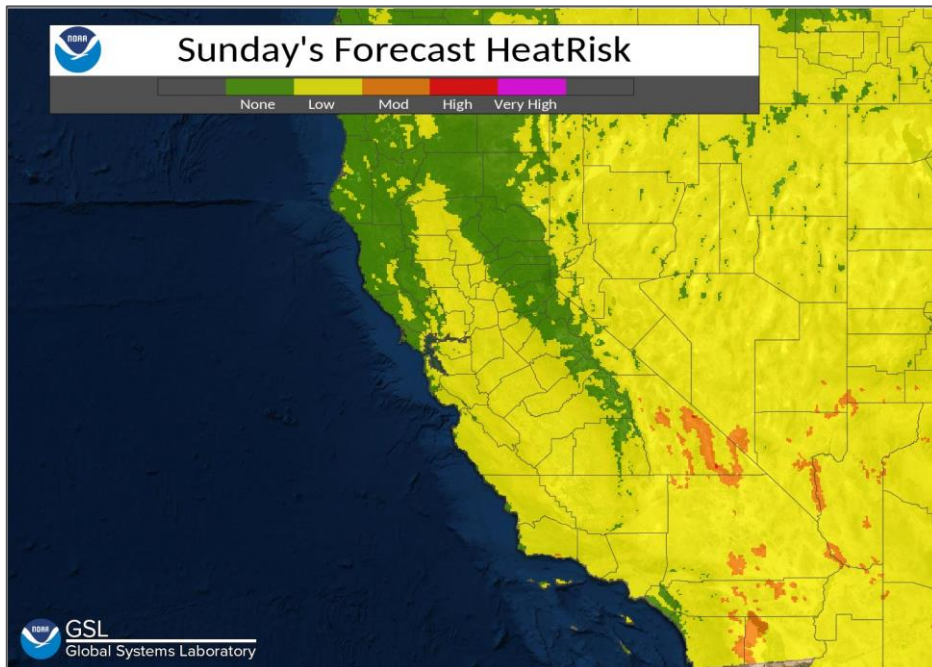

Saturday's Forecast HeatRisk

None Low Mod High Very High

Sunday's Forecast HeatRisk

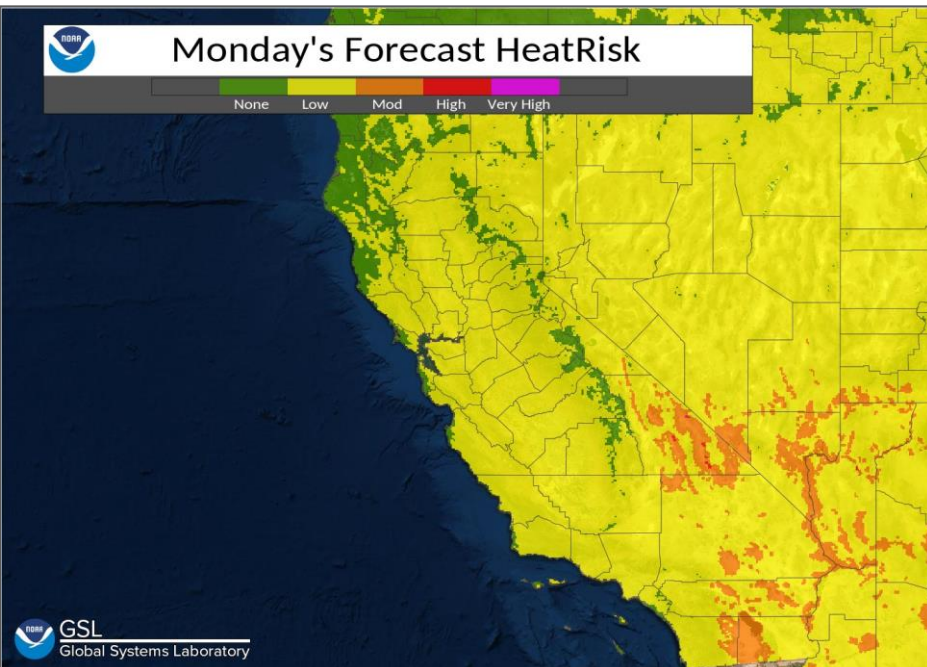

None Low Mod High Very High

Green	Level 0	No Elevated Risk
Yellow	Level 1	Low Risk for those extremely sensitive to heat, especially those without effective cooling and/or adequate hydration
Orange	Level 2	Moderate Risk for those who are sensitive to heat, especially those without effective cooling and/or adequate hydration
Red	Level 3	High Risk for much of the population, especially those who are heat sensitive and those without effective cooling and/or adequate hydration
Magenta	Level 4	Very High Risk for the entire population due to long duration heat, with little to no relief overnight

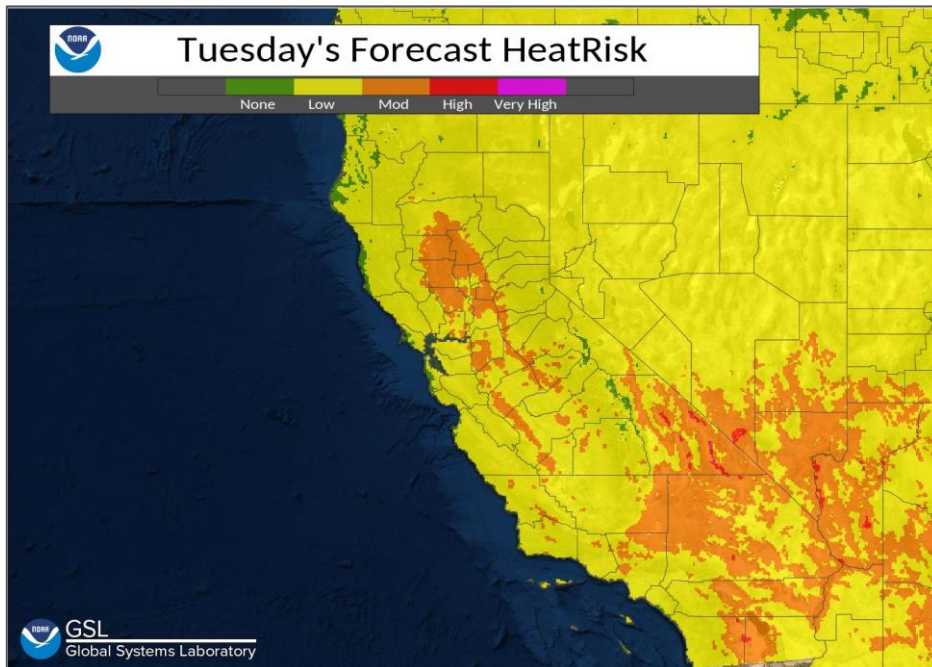

Monday's Forecast HeatRisk

None Low Mod High Very High

Tuesday's Forecast HeatRisk

None Low Mod High Very High

Green	Level 0	No Elevated Risk
Yellow	Level 1	Low Risk for those extremely sensitive to heat, especially those without effective cooling and/or adequate hydration
Orange	Level 2	Moderate Risk for those who are sensitive to heat, especially those without effective cooling and/or adequate hydration
Red	Level 3	High Risk for much of the population, especially those who are heat sensitive and those without effective cooling and/or adequate hydration
Magenta	Level 4	Very High Risk for the entire population due to long duration heat, with little to no relief overnight

Weather Outlook (6-14Days)

Regional Operations Center

Western Region

Saturday, June 4

6-10 Day Outlook (June 9 - June 13)

Temperatures

- Above normal temperatures are strongly favored statewide

Precipitation

- Below normal precipitation is favored across northeast California, with near normal precipitation favored for the remainder of the state

8-14 Day Outlook (June 11 – June 17)

Temperatures

- Above normal temperatures are strongly favored to continue across the state

Precipitation

- Below normal precipitation is again favored over northeastern California, with near normal precipitation favored elsewhere

OF EMERGENCY SERVICES

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Enforcement Missions

- **2022-LAW-78882, 06/04/2022, 0740 hours**, IERCC advising of an InReach SOS activation at GPS coordinates, 36.938835 -118.849068 plotting on the Crown Valley Trail within Fresno County. IERCC advised the registered owner is listed as a backpacking guide service, which they made contact with. The guide service advising there is group of two guides and five clients that left yesterday and should be in the area of the given coordinates. At 0751 hours, LDO relayed the activation to Fresno County Sheriff's Office (FCSO) who initiated a SAR response.
Mission On-going
- **2022-LAW-78814, 06/01/2022 at 0900 hours**, Nevada County Sheriff (NCSO) contacted the LDO and requested two side scan sonar equipped boats to search for one missing male in Scotts Flat Lake in Nevada County. IC and launching are at the Scott's Flat Lake gate #2 launch ramp, 2333 Scott Flats Road, Nevada City, CA. Butte Sheriff and Yuba Sheriff are both responding with one boat each with side scan sonar with an eta of 1400 hours. At 1726 hours, NCSO is requesting an additional boat with a towable sonar array and a C3 K9. LDO contacted Santa Clara Sheriff Office who will provide the additional boat with towable sonar array starting 6/2/22 at 0800. WOOF was unable to provide the C3 K9 team due to a schedule conflict. **Update: 06/02/2022, 1655 hours**, NCSO advising MP was not located and all mutual aid resources have been released. NCSO is not requesting any additional assistance and will continue the search with in-county resources only. ****Update****
Mission re-opened- 6/2/2022 1750 hours, NCSO has not located the MP and is requesting a Water/HRD K9 team for an operational period on Monday, 6/6/2022, with a 0800 briefing. Cal OES LEB coordinating the response. WOOF has accepted the mission and is coordinating with NCSO's IC. **Mission On-going**

Cal OES MISSION TASKINGS

Cal OES Missions

- **2021-TACCOM-061621 (OCFA Testing):** Sonim Kit HQ3 assigned to OCFA, to test Android phones with ATAK for fire season. ETA Return is 05/21/22. COMC monitoring. Contacted Assignee will advise on exact date of return for the resource.

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
